

Biography

Mary Page received her esthetic training from Scot Lewis in 2000, and in 2001 completed her permanent makeup training. Throughout the subsequent years, she has continued her education by pursuing additional and ongoing certifications.

Mary is also certified as a paramedical esthetician, giving her advanced experience in a variety of procedures including chemical peeling, microdermabrasion, and recognizing and treating skin conditions. She is certified and experienced at eyelash extensions and airbrush makeup. She has expanded her knowledge and passion for overall health and wellness to include physical fitness, and as a certified personal trainer provides single, group and at home sessions.

Mary is a licensed esthetician in the state of Minnesota and is a certified Permanent Cosmetic Professional, Paramedical Esthetician, Eyelash Extensionist, Airbrush Makeup Artist and Personal Trainer.

As an esthetician and personal trainer, she successfully combines services and treatments — for both skin and body — that ultimately provide a complete wellness experience.

Skin treatments

Microdermabrasion **\$85.00**

Is a non-invasive procedure that exfoliates and removes the upper layers of the skin. It provides a smoother, more refined and radiant appearance, softens fine lines and wrinkles, reduces the appearance of enlarged pores and allows better penetration for products.

Facial Blading Treatment **\$65.00**

Facial blading exfoliates the outer most layers of dead skin while removing unwanted facial hair (peach fuzz), leaving it immediately smooth, supple and vibrant. Makeup takes on a satiny appearance when applied to your new skin foundation. This treatment can be done alone or in combination with another treatment. (Is only an additional \$25.00 if done in combination with another treatment)

Skin Perfecting Peels

A chemical peel uses a chemical solution to improve the appearance and texture of your skin by exfoliating unwanted dead skin cells. Chemical peels help facial blemishes and uneven skin tone, and also help to soften fine lines and wrinkles.

Light or superficial peels **\$75.00-\$120.00**

Good for fighting acne, refreshing the skin and diminishing the appearance of minimal sun damage, lines and wrinkles. These peels are non-irritating, therefore excellent for all skin types providing your skin with the boost it needs. Your skin will immediately feel smoother and look more radiant.

Progressive Peels **\$125.00-\$250.00**

Variety of medium-depth peels excellent for all skin types and are customized to treat your individual skin type and skin condition in a controlled and safe way. They offer the ability to correct uneven skin tone, more extreme hyperpigmentation, enlarged pores and acne scars. You will experience slight redness immediately after, and mild peeling or sloughing for few days post peel. The post peel process can take anywhere from 7-10 days.

Acne treatment **\$65.00 and up**

Effectively addresses the hormonally challenged teenager as well as late-onset acne. Appropriate solutions and technologies may be applied and/or used, and extractions will be performed if necessary. The importance of an at home skin care regime and maintenance program will be discussed.

Waxing and tinting

If using a topical prescription such as Retin-A, please discontinue use for 48 hours prior to waxing.

Eyebrow	\$12.00
Lip	\$8.00
Lip and Eyebrow	\$20.00
Chin	\$8.00
Underarm	\$25.00
Half Leg	\$45.00
Full Leg	\$65.00
Lash Tint	\$15.00
Brow Tint	\$15.00
Lash & Brow Tint	\$25.00

Spa Parties available upon request throughout the year!

Infrared detox and slimming treatment

Marvelous things happen beneath the skin in the heat of infrared. Increased blood circulation stimulates sweat glands, releasing stored toxins and wastes and detoxifying your body of an accumulation of highly toxic heavy metals as well as alcohol, nicotine, sulfuric acid and other compounds. Reduces stress and fatigue, relieves pain and joint stiffness. Sweating improves the skin as it carries off deeply embedded impurities and dead cells, improving elasticity, texture and tone. Infrared burns calories, promotes fat loss, controls weight and reduces cellulite. You'll feel rejuvenated and renewed, restored in both body and mind.

Treatments are most effective in a series: **Each treatment \$165.00. special package pricing.**

Consultations

My complimentary consultation includes a thorough assessment of your skin, as well as consideration of your personal goals and expectations. Product recommendations and skin care treatments will be discussed to help you achieve and maintain a healthier, more radiant complexion. The perfect solution to a more confident you.

Makeup lesson **\$65.00**

Makeup is an extension of skin "care." Your time and your investment for achieving a healthy, more radiant complexion are compromised if the makeup you choose is not healthy for your skin. Enhance your look and experience the wonderful properties Mineral Makeup provides. Created to benefit and improve the appearance of your skin. Experiment with different techniques to achieve a variety of looks and trends in the makeup industry.
